

Vista Favorite

Drop-arm awning

Your sun protection system dealer:

Vista Favorite

The Vista Favorite has a fully closed cassette with a unique semi-circular design. This means the fabric is fully protected against weather influences when closed, keeping it in a perfect condition for years to come. The variable extension angle means the Vista Favorite can be installed nearly everywhere.

This effective sun blind can be operated both electrically and manually. Standard available in the colours pure white, cream, anthracite grey textured and silver anodized. Every other RAL colour is available on request.

Characteristics

- Retaining a clear view
- Fabric fully protected in cassette
- Unique half-round design
- Variable projection
- Available with manual or electrical control system
